

# ***Volunteering Opportunities from Volunteer Centre One Community***

## **Trustees**

### **Pilands Wood Community Association**

Trustees are needed to help shape the strategic direction of the association and ensure the best possible service to the community. Building on the excellent work carried out by the Centre Manager and Trustees since 2002, incoming Trustees will write a new chapter in the history of Pilands Wood Community Association.

Do you have knowledge and experience in financial management, volunteer management, community engagement, marketing and communications, policy writing or other relevant skills.? Trustees are expected to attend quarterly board meetings and interact with the centre administrator and key partners as and when required.
